

New Version of VSD Viewer for iPad and iPhone

Nov 28, 2012

Nektony announces an update to VSD Viewer, Nektony's popular app to open MS Visio drawings on iOS devices. VSD Viewer 1.9.5 provides owners of iOS devices with the possibility to preview Visio Drawings on iPad or iPhone, enabling them to open VSD files from any application that handles the drawing. VSD Viewer supports binary VSD file format developed by Microsoft. The update delivers performance enhancements, improved application functionality, and management capabilities.

Odessa, Ukraine - Nektony announces an update to VSD Viewer, Nektony's popular app to open MS Visio drawings on iOS devices. VSD Viewer 1.9.5 provides owners of iOS devices with the possibility to preview Visio Drawings on iPad or iPhone, enabling them to open VSD files from any application that handles the drawing. VSD Viewer supports binary VSD file format developed by Microsoft. It enables anyone to preview Visio diagrams on iPad and iPhone, including the new iPhone 5.

VSD Viewer v1.9.5 offers total support of the enhanced metafile format graphics files (also known as EMF image files), correct perception of invisible layers, support of the Visio state-objects along with a set of improvements that increase the application performance and general stability. VSD Viewer enables users to: preview Visio drawings, navigate multi-page drawings, select and copy text. Also, it is possible to transfer a VSD document between device and computer, using iTunes File Sharing.

Viewing Visio drawings is as simple as clicking the VSD file on the device screen. By using VSD Viewer it is easy to share Visio diagrams to all, never mind whether they have a computer with Microsoft Visio installed. VSD Viewer delivers iPad and iPhone users the possibility to use Visio drawings, diagrams, charts, and illustrations in a mobile environment. VSD Viewer is a great choice for remote teams that need to collaborate from different locations.

Device Requirements:

- * 3/4/5 Gen iPhone, iPad, or 3/4/5 Gen iPod touch
- * Requires iOS 5.1 or later
- * Universal app optimized for display on all iOS devices
- * 1.8 MB

Pricing and Availability:

VSD Viewer 1.9.5 is \$9.99 USD (or equivalent amount in other currencies) and available worldwide exclusively through the App Store in the Business category.
