

VSD Viewer Helps to Break Down the Barriers Between MS Visio and iOS

Jun 07, 2013

Nektony today announces VSD Viewer 4.0 for iOS devices. Ideal for anyone who uses Visio drawings as a reference, VSD Viewer helps iPad and iPhone users to preview professional Visio drawings, diagrams, charts, and illustrations on mobile devices. Version 4.0 delivers a set of notable functionality improvements and increased document sharing and processing capabilities that are critical for professional users. Documents managing became even simpler with the embedded Dropbox support.

Odessa, Ukraine - Nektony today is proud to announce the immediate availability of the update for the VSD Viewer - the first application for opening MS Visio drawings on iOS devices. VSD Viewer helps iPad and iPhone users to preview professional Visio drawings, diagrams, charts, and illustrations on mobile devices. VSD Viewer enables professionals quickly and easily share and communicate Visio drawings.

The new version of the product adds several important improvements that are critical for professional users. Together with multipage documents navigation, password protection on the entrance, layers switching, Windows metafiles displaying, and other minor features Nektony's VSD Viewer makes the transition from Microsoft Visio to Apple ecosystem a straightforward one.

VSD Viewer v4 enables saving of drawings in PDF for the following annotation and documents wireless printing via AirPrint printers. This makes further documents distribution even easier without reference to devices and applications recipients are using.

Documents managing became even simpler with the embedded Dropbox support. Since VSD Viewer v4 users can enable this option in Preferences. After switching on Dropbox folder will be available right from the embedded program's File Manager. In addition, the new version delivers

specific corrections in application performance, which will decrease drawings opening and processing time.

Device Requirements:

* iPhone 3GS, 4, 4S, iPhone 5, iPod touch and iPad

* Requires iOS 6.0 or later

* 5.3 MB

Pricing and Availability:

VSD Viewer 4.0 is priced at \$9.99 USD and is available worldwide exclusively through the App Store in the Business category.
